POST-OPERATIVE INSTRUCTIONS

Warts and Porokaratosi

Call our office to make an appointment for your first post-operative visit when you get home from the hospital.

Remove the bandage and packing in 48 hours after surgery.

Soak the affected foot in warm soapy water for 10 minutes, twice a day.

After soaking, place antibiotic ointment within the affected area and cover with a band-aid

At night, allow the wound to air dry.

Follow the above instructions every morning and every evening until your doctor informs you to discontinue the soaks and antibiotic ointment applications.

1. If you have any pain, take Tylenol, Ibuprofen or prescribed pain medication as directed. If pain continues, call your doctor.

If there are any other problems or questions regarding your surgery, please call the office. If it is after hours and it is an emergency you may contact Dr Baker at 317-490-4690 or 765-274-9295; Dr. Gray at 765-661-0469; or Dr Boake at 317-650-4139.
